NEW ORLEANS April 19—COTTON—

Japan, 33,851 bales; to Mexico, 11,203 bales, NEW ORLEANS, April 19,—COTTON—Spot cotton steady and unchanged; mild-dling, 115-16c; sales on the spot 1,350 bales and 600 to arrive. Futures opened barely steady with prices very irregular, May being 5 points up, July 2 points off and the new erop positions 4 points off. Little attention was paid to cable news or to the weather map, both of which were favorable to the buil side. Owing to Licary aciling in the New York market by Brokers who were regarded as having bearish onlone, this selling had a sympathetic-effect on the local market. First prices were the highest of the day, values sinking, gradually under free selling for both long and short account until the active months were 16@18 points lower than Saturday's closing. Texas reported serious drough conditions in several ported serious drough; conditions in several important cotton counties, which checked the decline to some extent. The market closed steady at a decline of 14@15 points for the day. Futures closed steady: Closing bids: April, 10.15 nominal; May, 10.25; June, 10.29; July, 10.43; October, 10.09; December, 10.07.

Harvard's Baseball Squad Arrives

Richmond High School, Academy and McGuire's School Join in Field Day Sports.

At a meeting of the Interpreparatory School League representatives and officers yesterday atternoon in the Young Men's Christian Association Building, it was decided to hold an outdoor athletic meet for the schools in the league about the middle of May. The date for the meet and the grounds to be used have not been definitely decided upon, but the State Fair Grounds probably will be secured.

Richmond High School, Richmond Academy and McGuire's School are the three schools now in the league, and each institution will have a large delegation out in a few days in proparation for the games. The scholastic championship on track and field will be decided for the year among these teams at the coming contest.

This meet has attracted much interest from the schoolboy athletes of the city during the past three years, and bids fair to have a good following this season.

Richmond Academy, by their good.

Bids fair to have a good-season.

Richmond Academy, by their good showing at the Richmond College in-door meet in January, seems to have the strongest combination of runners among the "preps," but they will have to be in excellent form to take the championship from the two other school teams.
